

SHUFFLIN'

Take a little walk, down a street called grace
Lot's of lovin' people, with smiles on their face
This road leads to joys without end
Take a little walk, with me my friend

And you'll be shufflin' (whew!), shufflin' you're feet
Dancin', dancin' in the street
Shufflin', shufflin' you're feet
Dancin', the Son has set us free
And you'll be shufflin' (whew!), shufflin' you're feet
Dancin', dancin' in the street
Shufflin', shufflin' you're feet
Dancin', the Son has set us free

Narrow is the road, that's what the Bible say
Most think it easier, going their own way
Every other road, is a dead end street
Only the King's highway, is without end

And you'll be shufflin' (whew!), shufflin' you're feet
Dancin', dancin' in the street
Shufflin', shufflin' you're feet
Dancin', the Son has set us free
And you'll be shufflin' (whew!), shufflin' you're feet
Dancin', dancin' in the street
Shufflin', shufflin' you're feet
Dancin', the Son has set us free (WHEW!!!)
